Enough space to adhere
to social distancing.

Rest Assured. Staying Covid-19 Safe.

Gilbanks has always put the safety, health and wellbeing of our community at the heart of everything we do.

We've kept our workspace open since the outbreak of the pandemic in order to support the essential businesses that relied on our support to do so. During this time, we've also been working hard to ensure our workspaces meet all government guidelines to allow for social distancing and other measures that contribute to the reduction of risk of Covid-19.

As we think about the future of the workplace, we understand that social distancing is here to stay for the time being, yet team collaboration and interaction is more important than ever. That's why we've enhanced our spaces and services to ensure our members can continue to work in safe, healthy environments. We can also assist you with any personal requirements that you may need in your private serviced office.

We have increased our already rigorous cleaning schedules and updated signage throughout the building to help you stay alert to the measures we have in place for everybody's safety during meetings. We also allow sufficient time between each meeting for a full clean-down of each space.

We want you to rest assured that we will do everything we can to make sure our members can come to work with absolute peace of mind and can continue to focus on what you do best. We look forward to welcoming you to Gilbanks.

Best Wishes,

The Gilbanks Team
